PROJECTS

Portfolio   01 May, 2023 - 31 May, 2023
Team Size: 1

Key Skills: HTML   CSS   JScript

Project Link: https://amanyadav257.github.io/My-Portfolio/

A portfolio is a collection of work samples showcasing an individual's skills and experience. It serves as tangible evidence of capabilities for potential clients or employers. Portfolios can be physical or digital and include projects, testimonials, and achievements. They help professionals make a favorable impression and attract new opportunities. Regular updates ensure the portfolio reflects current skills and accomplishments.

E commerce   02 Nov, 2022 - 10 Jan, 2023
Mentor: Mr. Manish Kumar | **Team Size:** 3

Key Skills: HTML   CSS   PHP   MySQL

E-commerce is the buying and selling of goods and services online. It provides convenience and accessibility for customers to shop anytime, anywhere. Businesses can reach a wider audience and reduce costs by eliminating physical storefronts. Online platforms offer secure payment options and personalized recommendations. E-commerce has transformed the way businesses operate and revolutionized the shopping experience.

Speech to text using deep learning
Mentor: Dr. Parul arora | **Team Size:** 4

Key Skills: Deep Learning   Python   TensorFlow   RNNS

Project Link: https://github.com/CodeBulletin/VoiceWaveInfrence

A speech-to-text deep learning project converts spoken language into written text using advanced machine learning techniques, training a model to accurately transcribe speech.
